## **Our School Priorities**

Strengthen the quality of education through extending our early reading provision, further evaluating the curriculum and continuing to embed the improvements in quality first teaching.

Embed and further strengthen recent significant improvements within behaviour and attitudes.

Continue to embed the improvements within personal development and welfare including further strengthening high quality pastoral support, consolidating understanding of new school values and further extending the enrichment offer during the school day and beyond.

Further improve leadership and management by consolidating strengths within the newly extended SLT and ASC, and further develop the roles and impact of middle leaders and subject leads.
