

SKA HEADLINES

Friday 26th May 2023

Dear families,

Just a brief one from me this week.

It has been an extremely busy 6-weeks with our Ofsted inspection, Year 6 SATs, plus all the trips, visits and events that we managed to cram in! School leaders are due to receive the draft Ofsted report during the first week back. Shortly after this I will be able to share the report and findings with all families.

Warm weather is forecast over the next week – please share the posters on the following pages with your children if they are due to be out and about near water.

Thank you as always for your invaluable and ongoing support for our school. Have a lovely half-term holiday and I hope you all get a chance to enjoy some of the sunshine with your children.

We will see your children bright and early on **Monday 5th June 2023** for the start of the second half of the summer term.

Mr Adam Potter

Do you know that anything below
15°C is defined as cold water and
can seriously affect your breathing
and movement, so the risk is
significant most of the year.

If you get into difficulty in the water:

- **Take a minute.** The initial effects of cold water pass in the less than a minute so don't try and swim straight away
- **Relax and float** on your back to catch your breath. Try to get hold of something that will help you float
- **Keep calm** then call for help or swim to safety if you're able

If you see someone
in difficulty in the water
call 999 ask for FIRE
